

## **SAFE SPORT TRAINING**

USA Volleyball has developed a SafeSport Training course.

The SafeSport Online training program teaches you about the nature of misconduct in volleyball: how to recognize it, how to prevent it and how to take action. The information in the course will help you keep volleyball a positive experience for every athlete, coach and volunteer.

The course takes about an hour and is FREE and available to take NOW online.

**At this time all Gateway Region Club Directors will be required to complete the course before they will be allowed to sanction any tryouts or register any teams for the 2016 season.**

All members are encouraged to begin completing the training before it is required.

People taking the IMPACT Course starting in September 2014 are SafeSport trained through their IMPACT Training.

You can access the training by going to:

<http://training.safesport.org/>

Register. This is important! By registering evidence of completing the SafeSport Training will appear on your Web Point profile. If you don't register we will have no proof that you have completed the course and you may need to complete the course again. Be sure to use USA Volleyball as your organization.

Click on Store

Click on SafeSport (there is also a link for SafeSport Parent)

Add to Bag (it is free)

Click Check Out

Activate

Begin your training

Please make a copy of your certificate for verification in case USAV's accounting fails.
