

2009-2010 GATEWAY REGION Theoretical Exam D

For the purpose of this test, use the following information:

| | |
|--------------------|-------------------|
| R = RECEIVING TEAM | S = SERVING TEAM |
| R1 = RIGHT BACK | S1 = RIGHT BACK |
| R2 = RIGHT FRONT | S2 = RIGHT FRONT |
| R3 = CENTER FRONT | S3 = CENTER FRONT |
| R4 = LEFT FRONT | S4 = LEFT FRONT |
| R5 = LEFT BACK | S5 = LEFT BACK |
| R6 = CENTER BACK | S6 = CENTER BACK |

DIRECTIONS: Read each situation carefully. Decide whether the statement is true (T) or false (F). Write either "T" or "F" in the space provided on the answer sheet.

1. A player replaced by an exceptional substitution may not play in the remainder of that match.
2. The second referee should notify the team captain or coach when the 9th, 10th, 11th and 12th team substitutions have been used by that team.
3. Players may wear earrings during warm-ups and during the match provided the earrings are covered with tape.
4. The Libero, while standing on the attack line, sets the ball to S5 using overhand finger-action. S5 attacks the ball from behind the attack line while the ball is entirely higher than the top of the net. The referees should allow play to continue.
5. In 14 and under competition, only one re-serve is permitted for each term of service.
6. The second referee will blow a whistle at 25 seconds during a time-out to get the teams moving toward the court.
7. When a team makes multiple substitutions during the same game interruption, the substitutes must enter the substitution zone one at a time with no significant delay between the incoming substitutes.

8. Individual sanctions remain in force for each set only, while team sanctions remain in force for the entire match.
9. During a rally, the coach and two assistant coaches are giving instructions to players on the court while standing in the free zone in front of the team bench. The referees should allow the assistant coaches to stand in the free zone during the match provided their actions are not disruptive.
10. Coaches must remain at least 1.75 meters (5'10") from the court when the ball is in play.
11. At the end of a time-out, both referees signal how many time-outs each team has taken.
12. Team S's coach stands and requests two substitutions. Before the substitutes enter the substitution zone, the second referee should whistle once and administer the subs, one at a time.
13. A player is wearing a hard plaster cast on the wrist/forearm. The cast is padded with ½" shock-absorbing foam. The referees should allow the player to participate since the cast is padded.
14. During a rally, a ball from another court crosses the court near Team S's end line away from the playing action without interfering with play. Team R wins the rally but the Team S captain requests a replay because of the ball on their court. The referees should deny the request for a replay since the errant ball did not interfere with play.
15. While playing a ball out of the net, R6's elbow makes contact with the bottom of the net. The second referee should whistle and indicate a net fault on R6.
16. When the wrong player serves the ball, the scorer should immediately notify the second referee.
17. The Libero replaces player #12 in the back row. When the Libero's position rotates to the front row, player #7 replaces the Libero. The assistant scorer recognizes the illegal replacement immediately and notifies the second referee before the contact of the next serve. The second referee should wait until the contact of serve and then whistle a rotation fault.
18. A team requests a third time-out, but the second referee denies the request without blowing a whistle to acknowledge it. An improper request should be recorded on the score sheet at the end of the rally.
19. During warm-ups, the second referee notices a player wearing jewelry. The referee should allow the player to wear the jewelry while warming up.

20. R4 contacts the net outside the antenna while attempting to block. The second referee should whistle and indicate a net fault.
21. For 15 and under competitions, a re-serve is allowed for each service attempt.
22. S2 jumps and attacks a ball. Before returning to the floor, S2's hand hits the middle of the net. The second referee should whistle and indicate a net fault.
23. As the teams are preparing to take the court for the start of the match, Team R's coach approaches the scorer and states that he wrote the wrong number on his starting line-up and needs to change number 6 to number 7. The scorer should make the change to both the line-up sheet and the score sheet.
24. While attempting to play a ball out of the net, S3's knee completely crosses the center line. She does not interfere with any Team R player. The second referee should whistle and indicate a center line fault by S3.
25. After playing a ball near the net, S3 turns and moves away from the net to get into position for the next play. S3's foot may legally cross completely beyond the centerline provided this action does not interfere with play or present a safety hazard for the opponent.

Form D – Answer Sheet

Name: _____ Score: _____

| <u>Questions</u> | <u>Answer</u> |
|------------------|---------------|
| 1. | |
| 2. | |
| 3. | |
| 4. | |
